
Sell BK-EBDP Research Chemical Intermediates BKEBDP CAS : 952016-47-6

Posted by [anna](#) / 11 - Oct - 2017

Product Description:

Product Name: bk-ebdp, bkebdp

CAS Number: 952016-47-6

Purity:99.7%

Molecular Formula: C14H19NO3

Molecular weight:263

Application:reaserch chemical

MOQ: 1 gram

Package: aluminum foil bag or as request

Storage: Dry and cool

Transportation: PostNL,EMS, Fedex, DHL

Port :Shanghai,Tianjin,Beijing,HK

Delivery time: Within 24 hours

Payment: WU,MG,BTC,T/T

Application:Pharmaceutical intermediates manufacture

DeliveryTime:Within 2days after received the payment

PackAge:1kg/Aluminum foil bag or as customer's

Port:wuhan China

ProductionCapacity:1000 Kilogram/Day

Storage:Kept in a cool, dry and ventilated pl...

Transportation:Delivery by EMS; FEDEX; TNT,UPS or as...

LimitNum:5 Gram

Moisture Content:C14H19NO3

Impurity:0.01%

Appearance: crystal or powder
